The San Diego County Digital Content Portal online library for educators and students is accessed using a single sign-on for easy access to high quality engaging resources, research materials and teaching tools. Find us at: http://DCPortal.sdcoe.net Note: All of these online resources include user training videos and documents.

### Professional Educator eLibrary

**Ebrary**

For K-12 educators and administrators offering downloadable e-texts of over 145,500 titles, including most ASCD publications. It offers an instant digital library in academic and professional subject areas. Teacher teams can access topic specific books on differentiation, mathematics teaching, and powerful research tools. Create your own bookshelf with your favorite titles, and share with others.

### Teacher and Student DCP Resources

**California Streaming**

*CaliforniaStreaming* provides top-quality multimedia to California districts and schools featuring 24/7 on-demand and downloadable video, audio, images, print resources, and podcasts. *California Streaming* is the only K-12 education community-owned and maintained multimedia provider featuring copy-right free and subscription-based videos that are aligned to the California State Standards.

**EBSCO Host – Just added to the DCP 2.0!**

**MAS Complete™** This EBSCO database contains full text for more than 550 popular high school magazines and over 440 full-text reference books; thousands of biographies; 107,000 primary source documents; an image collection of 592,000 photos, maps & flags, plus full-text backfiles to 1975 for key magazines. Additional databases include: *Newspaper Source™ Plus, Education Research Complete™* and *Consumer Health Complete*.

**English Language Learner Reference Center** is designed for middle/high school students and those that are new to the English language. *ELL Reference Center* will help ELLs to succeed academically by providing assistance as they conduct research, build their background knowledge and develop essential study skills. ELL Reference Center includes 1,000 Foundation documents created by ELL experts to reflect age-appropriate interest/reading levels aligned to the main U.S. curriculum documents.

**Middle Search® Plus** contains full text for more than 150 popular middle school magazines. All articles are assigned a reading level indicator (Lexile). Full text is available for thousands of biographies and historical essays and primary source documents including Essential Documents in American History; *Funk & Wagnalls New World Encyclopedia; New Oxford American Dictionary*; and thousands of relevant photos, maps and flags.

**Primary Search®,** designed specifically for elementary school students and contains full text for more than 80 popular elementary school magazines. All articles are lexiled. *Primary Search* includes the Encyclopedia of Animals™ and *Funk & Wagnalls New World Encyclopedia*, giving students easy-to-read entries written for kids. The database has the American Heritage® Children's Dictionary from Houghton Mifflin, and thousands of searchable photos, maps, and flags.
ProQuest SIRS Discoverer

SIRS (Social Issues Resources Series) is a focused, online research databases of educator-selected materials from over 1900 sources, with expert summaries and indexing using Library of Congress Subject Headings. SIRS Discoverer supports the widespread, integrated, and effective use of informational text to help K-8 schools improve student achievement and research skills as emphasized in the Common Core Standards.

Teaching Books. Net

Online materials that feature both fiction and nonfiction books and authors: author videos, book summaries and instructional guides, lesson plans, audio of authors reading sections of their books and more.

World Book K-12

All of the World Book products easily translate into 31 different languages.

Early World of Learning, an interactive, intuitive teaching tool, targeting the development of young learners in preschool and early elementary grades. It emphasizes phonemic awareness, phonics, vocabulary and comprehension using games, stories and activities with numbers, shapes, colors, and opposites.

World Book Kids features content and tools developed especially for young students in early to mid elementary grades. The site offers simple navigation, easy-to-read articles, multimedia, comparison tools, interactive games and activities, and teacher resources.

World Book Discover is designed for differentiated instruction, with reference articles, text-to-speech capabilities, learning and life skills activities, research tools, multimedia, and interactive videos.

World Book Student includes the articles of the World Book Encyclopedia, a Biography Center, dictionary, atlas, an extensive multimedia collection, thousands of editor-selected web sites, correlations to curriculum standards, and much more. All of the World Book products easily translate into 31 different languages.

World Book Advanced is designed for high school and college students. World Book Advanced is a powerful reference tool that includes encyclopedic, multimedia, full text e-books, and primary source databases, in a single search.

World Book Enciclopedia Estudiantil Hallazgos offers World Book’s excellent age appropriate content, rich visual media, and interactive features in Spanish, plus is matched to the World Book Student content.
